Mission Statement

Pacific School's mission is to prepare children for life through experiential learning that addresses the needs of the whole child. We create a safe and secure school environment that promotes social and academic growth and develops an enthusiasm for learning, a positive self-image, and cross-cultural understanding.

School Profile

Pacific School offers children, parents, and staff the unique opportunity to work together in a small, harmonious environment, giving individual attention and individualized instruction. The School Plan focuses on an integrated curriculum that allows learning to take on greater meaning and connection to the world and to students' lives.

The staff intends to provide a school environment that nourishes each child's emotional, physical, and social development while stimulating curiosity and creativity. The staff endeavors to generate a love of learning, which will sustain children as they grow and develop. Classrooms and materials are meticulously made and cared for, creating beautiful, stimulating environments. Pride in the school is demonstrated in the care that the children show to the materials, buildings, and garden. During the 2014-15 school year, the school served 108 students in grades Kindergarten through six.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school at 831.425.7002 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Pacific School District endeavors to provide sufficient and current textbooks and materials to support instructional programs. Pacific School District held a Public Hearing on September 18, 2014, and determined that the school has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. The table displays information collected in October 2014 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

The physical environment of Pacific School is continually maintained. Classrooms and grounds are kept litter and graffiti free. Students are expected to participate in daily cleanup. The playground and gardens are inspected at least weekly. Repairs to damage are made as quickly as possible. The principal conducts at least two comprehensive inspections a year, in the fall and spring, using the inspection checklist from the State Office of Public School Construction. The inspection covers the school site, including office, classrooms, kitchen, and playground safety.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Pacific Elementary School values parents as an integral part of the educational process. To that end, the following is a summary of our three major areas for parental involvement: volunteering in the classroom, on field trips, and during events, joining the Pacific School Foundation/Pacific School Parents' Club, and serving on the School Site Council:

Parents are an important part of Pacific School and the school actively encourages their participation. Parents overwhelmingly say they feel welcome and included when surveyed each year. Parents should contact their child's teacher if they are interested in volunteering in the classroom on a regular basis. Volunteering works best when scheduled beforehand with the teacher. Classroom volunteer needs are discussed each year at Back-to-School Night.

Pacific School Foundation (PSF)/Pacific School Parents' Club is an important volunteer organization that meets monthly. PSF/PSPC is responsible for coordinating several large fundraisers, managing donations, organizing family/community events such as the fall Potato Night and Bingo Night. PSF/PSPC is always eager to recruit new members to maintain and invigorate our culture of active support.

The School Site Council (SSC) is made up of four parent/community members and four staff members. The Site Council is responsible for revising and approving the Single Plan for Student Achievement (SPSA). The SSC also reviews the Local Control Accountability Plan (LCAP), the Comprehensive School Safety Plan, the Wellness Plan, and the Technology Plan. They also act as an advisory committee to the school board. The Site Council is also responsible for surveying parents to determine concerns and program needs. In this capacity, parent members are an important link between parents, staff, and the governing board. When there is an empty seat available on the Site Council, all parents are encouraged to participate in the election of a new member. All meetings are open to the public.

Parents who have special skills are encouraged to share their expertise with the children, both as demonstrations and as lessons during school hours. Also, parents sometimes seek the opportunity to give classes to students after school. The school is happy to provide support for these classes when scheduling and space is available. In the past, parents have given art lessons, sewing classes, knitting classes, Spanish lessons, and drama. Parents are also encouraged to help with the school library, Life Lab garden, and grounds landscaping/maintenance. Indeed, our school would be worse off without their continued generosity.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

· Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

Pacific School District has developed a comprehensive School Safety Plan that addresses the emotional safety as well as the physical safety of all members of the school community. The School Safety Plan was developed by the Pacific School Site Council, made up of parents and staff members, and is reviewed and revised annually. The School Safety Plan is available for viewing in the school's office.

Components of the Pacific School Safety Plan:

Section 1. A Safe and Orderly Environment

- A. Social Climate
- 1. Mission and Vision
- 2. Current assessment of school crime
- 3. Supervision
- 4. Rules, Problem Solving, and Discipline Procedures
- 5. Support Programs
- 6. Staff Development

- C. Emergency Procedures
- 1. Illness
- 2. Injury
- 3. Fire & Earthquake drills and procedures (evacuation)
- 4. Lockdown procedures
- 5. Bomb threats
- 6. Emergency Response/Crisis Management

Pacific Elementary School District Board Policies in the following areas support the Comprehensive Safe School Plan:

- 1. Disaster Procedures & Crisis Response
- 2. Safe Ingress and Egress
- 3. Child Abuse Reporting
- 4. Suspension and Expulsion
- 5. Notifying teachers of dangerous pupils
- 6. Discrimination and Harassment

Professional Development provided for Teachers

Pacific School professional development activities are designed by staff to be pertinent to their needs and enhance student learning. A variety of staff development opportunities are provided to increase interest and expertise, acquire new ideas and materials, and develop teaching, organization, and management skills.

Pacific School's staff meets in May and June to plan professional development for the following year. Also, the teachers and principal meet twice per month and any new opportunities are discussed at that time. Assessments of student progress and staff strengths and competencies are considered when professional development is planned.

Recommendations from the School Board and the School Site Council are considered when planning activities. Staff members are encouraged to participate in professional development programs given by Santa Cruz County Office of Education, and Pacific School staff members collaborate with the other three small school districts in the county for at least one professional development day per year. Whenever possible, the principal takes part in professional development programs along with staff members.

Teachers are provided with release time to attend special workshops and classes, and time is allowed at staff meetings and in-service days for staff members to share information they have gained that will benefit other staff members. Mentor teachers provide expertise in areas of strength and the school's Technology Coordinator provides technical assistance and staff technology training on a frequent basis.

Since the 2011-12 school year, two professional development days are scheduled in coordination with the three other small school districts to collaborate and share best practices. The staff continues to assess needs and either take advantage of minimum days every Wednesday, or take individual staff development opportunities to attend workshops. Staff have focused on math, writing, science with a focus on garden curriculum, English Language Development, and differentiating instruction to meet the needs of gifted students. Other staff development topics include Step Up To Writing and the Common Core Standards implementation.

A restructured week with four longer days and a shorter day on Wednesday provides time for weekly meetings and collaboration, as well as development of curriculum and materials in each classroom.

The school participates in the state-sponsored Beginning Teachers Support and Assessment program (BTSA). The goals of the BTSA program are to help new teachers succeed, foster increased retention of quality teachers within the teaching profession, and improve instruction for students.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
