Purpose of the Comprehensive School Safety Plan (CSSP)

Sections 32280-32288 of the California Education Code outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a Comprehensive School Safety Plan relevant to the needs and resources of that particular school.

It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated Comprehensive School Safety Plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses. Comprehensive School Safety Plans are required under SB 719 & AB 115 and must contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan Public Version – Part I is available for review at the Pacific Elementary School office, and online at <https://www.pacificesd.org/plans--lcap.html>.

School Safety Strategies and Programs

Pacific Elementary School is committed to school safety for all students, staff, and visitors. Many strategies and programs provide and maintain a high level of school safety.

School Vision/Mission Statement

Pacific School's Mission Statement

Pacific School's mission is to prepare children for life through experiential learning that addresses the needs of the whole child. We create a safe and secure school environment that promotes social and academic growth and develops an enthusiasm for learning, a positive self-image and cross-cultural understanding.

Pacific School's Vision Statement

The staff of Pacific School is dedicated to addressing the needs of the whole child by creating a school environment wherein every child may experience success in social and academic growth, as well as develop enthusiasm for learning. Children learn to cooperate and take responsibility for their actions. They learn to function with a sense of community while maintaining individuality and creative self-expression. They are treated with kindness and respect, and learn to respect others. The multi-graded classroom environments allow children to become active participants in their own learning process.

Pacific School's Goals

Pacific School strives to give each child a lifelong appreciation of learning. Our rich educational environment provides every student with a broad foundation of knowledge and practical experience. The curriculum integrates with California State Standards and is delivered through multi-graded classroom programs. Well-rounded instruction is complemented by a variety of programs, including music, Life Lab, and physical education, as well as visual, performing, and culinary arts. Students develop a sense of community while maintaining individuality and creative self-expression. Our diverse community fosters cooperative skills, mutual respect, and pride in academic progress.

Providing a safe learning environment is a priority for staff, parents, students, and school community members. Pacific Elementary School prepares students to be self-disciplined and responsible citizens who can meet the challenge of living in an ethnically and socio-economically diverse community. Pacific Elementary School promotes caring and nurturing relationships and work cooperatively with parents, students, law enforcement representatives, and other community agencies. Pacific Elementary School stresses prevention of violence on campus and prepares students to handle conflict, anger, and other threats to safety.

Programs are implemented to prevent drug, alcohol, and tobacco use. The Pacific Elementary School discipline policy provides students with behavior guidelines that are aligned to the California Education Code and district policies. School-wide rules, classroom rules, the dress code, and consequences for rule infractions provide students with clear expectations for behavior. The focus is to reduce barriers to learning as well as to build protective factors leading to student success, both academically and socially.

Intervention and prevention programs focus on positive youth development. Pacific Elementary School implements programs to create a positive school climate and promote social-emotional learning using research-based strategies. Pacific Elementary School implements multi-tiered systems of support/response to intervention for students that promote high expectations, maintain student engagement in school, and provide systems for student success.

Strategies and programs unique to Pacific Elementary School that provide a safe learning environment for all students, including specifically for LGBTQ students.

While the topic of sexual orientation does not surface frequently at the elementary level, it is included in the family life curriculum for 5th & 6th grade students. Otherwise, we promote a culture and enforce rules about treating everyone with respect, including LGBTQ students and families.

Child Abuse Reporting Procedures

(EC 35294.2 [a] [2]; PC 11166)

All school staff members actively monitor the safety and welfare of all students. Staff members understand their responsibility as child-care custodians and will immediately report all cases of known and suspected child abuse pursuant to Penal Code Section 11166. District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

Penal Code 11166. (a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow up report within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any non-privileged documentary evidence the mandated reporter possesses relating to the incident.

Plans are also completed to assure ongoing monitoring of the student. School staff work closely with police and Child Protective Services with follow up actions as needed. Considerable effort is made to maintain the confidentiality of the student and employee in all cases of child abuse reporting. Copies of all written reports are maintained in a confidential file in the principal's office. Board Policy 5141.4 addresses Child Abuse Prevention and Reporting and is included in the Appendix of the Comprehensive School Safety Plan.

In order to comply with requirements found in both the Education Code and the Penal Code (cited above), as well as Board Policy 5141.1, the district trains staff annually on how to protect children from abuse and how to best deal with suspected abuse. At the first staff meeting of the year, the school administrator trains all staff that work directly with children on procedures for reporting possible child abuse. Staff is also required to complete an online safety training video on the subject. While infrequent, when the subject comes up during the school year, the administrator works with the staff to properly notify authorities, as well as to provide any support to the child that may be indicated.

Emergency/Disaster Preparedness Training Schedule

Pacific Elementary School will provide all students and staff with emergency/disaster preparedness training in a variety of procedures according to the following schedule:

Training	Date(s)
Fire Procedures	9/14/18
Lock Down Procedures	12/12/18
Code Red Procedures	12/12/18

The Board of Trustees recognizes that all district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and threats of disaster. The district shall take all reasonable steps to prevent and/or mitigate the impact of a disaster on district students, staff, and schools.

The Superintendent develops and maintains a disaster preparedness plan which contains routine and emergency disaster procedures, including, earthquake, fire, and hostile intruder protocols.

In developing the disaster preparedness plan, the Superintendent involved the Safety Committee and the School Site Council, which includes teachers, classified staff, and parents.

He also collaborated with a deputy from the Sheriff's Department and members of the community.

The Superintendent provides training to employees regarding their responsibilities, including periodic drills for fire, earthquake, and hostile intruders.

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process. Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

The Superintendent/Principal, staff and parents/guardians may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Rules and Procedures for School Discipline – BP 5144

As documented in Board Policy 5144, the Board of Education is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed.

The Superintendent shall provide professional development as necessary to assist staff in developing the skills needed to effectively implement the disciplinary strategies adopted for district schools, including, but not limited to, consistent school and classroom management skills, effective accountability and positive intervention techniques, and development of strong, cooperative relationships with parents/guardians.

Consultation, Cooperation and Coordination with other School Site Councils or School Safety Plan Committees

Pacific Elementary has a standing Safety Committee that meets on a monthly basis to discuss safety concerns, implement solutions, and to promulgate a culture of safety for all. One task that the committee undertakes annually is the review of the Safety Plan prior to sending it to the School Site Council and the Board for review and approval.

Pacific Elementary is an active participant in all safety-related efforts led by the Santa Cruz County Office of Education. These efforts involve the other school districts in Santa Cruz County, and include coordination meetings with representatives from public safety agencies (fire, law enforcement), trainings on various safety-related topics, and safety policy meetings.

Bullying Prevention – BP 5131.2

As documented in Board Policy 5131.2, the Board of Education is committed to creating a safe learning and working environment for all students and employees. The Board of Education recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. Students shall be informed, through student handbooks and other appropriate means, of the school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior. Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived sexual orientation, immigration status, religious beliefs, and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

Any student, parent/guardian, or other individuals who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, or any other available school employee. Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved.

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive, may include suspension or expulsion in accordance with district policies and regulations.

Positive School Climate – BP 5137

As documented in Board Policy 5137, the Board of Education desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. The school environment should be characterized by positive interpersonal relationships among students and between students and staff.

The district's curriculum shall include age-appropriate character education which includes, but is not limited to, the principles of equality, human dignity, mutual respect, fairness, honesty, and citizenship. The Superintendent or designee may develop other strategies to enhance students' feelings of connectedness with the schools, such as campus beautification projects, graffiti removal, development of extracurricular activities and after-school programs, pairing of adult mentors with individual students, recognition of student achievement, and encouragement of strong family and community involvement in the schools. The Board encourages early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation. Board Policy 1312.3 is included in the Appendix.

For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent shall keep the identity of the complainant, and/or the subject of the complaint if he/she is different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

Protocols to Address Mental Health Care of Pupils Who Have Witnessed a Violent Act

Pupils who have witnessed a violent act at school or at a school-sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found both positively and significantly associated with child psychological trauma symptoms and self-reported violent behavior, even after controlling for the effects of various demographic factors. Serious emotional and behavioral consequences can occur for students who are merely witnesses to violence (Flannery, D. J., Wester, K. L., & Singer, M. I., 2004).

The Board of Trustees desires to help all district students achieve to their highest potential regardless of their social, health, or economic circumstances and recognizes that schools alone cannot meet all the complex needs of children. The district shall provide support services for children and families to the extent possible and shall work with other local governments, businesses, foundations, and community-based organizations, as appropriate, to improve the health, safety, and well-being of the community's youth.

The Board shall initiate or participate in collaborative relationships with city and county elected officials to design and coordinate multi-agency programs that respond to the needs of children and families and provide more efficient use of district and community resources.

The Superintendent/Principal and appropriate staff shall cooperate with public and private entities in the planning and implementation of joint projects or activities within the community.

The Board shall communicate with the community about the district's collaborative efforts and the conditions of children within the schools. The Board may advocate for local, state, and national policies, programs, and initiatives designed to improve the conditions of children and youth.

Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees to and from school

In an effort to assure the safety and welfare of students, parents, and visitors to Pacific Elementary School, the following procedures should be followed when traveling to and from the school site:

- Daily Bus Drop-off & Pick-up at School:
- Students Walking to School:
- Students and Adults visiting the school site after hours or on weekends:

Students, their family, staff, and other visitors arrive at and leave from Pacific Elementary School via a variety of transportation modalities. Some walk or ride bikes from the Davenport neighborhood in which the campus is located. A large number take the municipal (metro) bus from Santa Cruz. Many drive (or are given a ride in) personal cars or carpools. Most people arrive just before the start of the school day and leave at the end of the academic day or at the end of one of the after-school programs. Sometimes people arrive and/or leave during the middle of the school day. In all cases, there are procedures in place to make it as safe as possible.

There are 3 gates along the perimeter of the campus for ingress and egress. All are open at the beginning and end of school.

Fortunately, for those that arrive and leave using people power (on foot or on a bike), traveling in Old Town (the section of Davenport in which the campus is located) is relatively safe because there is very little car traffic. Almost all students commute with parents, who keep a protective watch over their children and enforce traffic safety protocols. There is a bike rack on campus where students and families park their bikes. Some lock them and some don't, but there has never been an instance of theft or damage to bikes. There have not been any reports of safety issues for those who walk or bike.

Depending upon the year, 15-25 students, a few parents, and 1 staff member ride the metro bus to school in the mornings. Usually, only 1 student rides the bus home in the afternoon. The parents whose children ride the bus take turns to ride along with them in order to chaperone the children to keep them safe. The bus stop is at the edge of campus, so bus riders only have to walk about 50 feet along the road in order to enter the gate to the playground. As the stopped bus blocks traffic, and all the children walk at once, the route from the bus to the gate is brief and safe.

Approximately half of the students ride in parents' vehicles -- either individually or in a carpool. As there is very little parking available, walking to/from cars is possibly the riskiest part of the commute. Many parents either drop kids off directly outside of a gate or walk them to the playground in order to keep them safe.

The campus serves as a neighborhood park after hours and on weekends. The playground is not a regional draw, so it is used almost exclusively by children who live in the neighborhood. Perhaps the most significant protective factor for the facility is the fact that there is a strong sense of ownership of the school as almost all neighborhood children attended/attend the school, and most of the parents have helped to fix and maintain the facility.

Board Policy

Suspension And Expulsion/Due Process

BP 5144.1

Students

The Board of Trustees desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5131.2 - Bullying)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus

(cf. 5112.5 - Open/Closed Campus)

4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

(cf. 1020 - Youth Services)
(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 5144 - Discipline)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6164.2 - Guidance/Counseling Services)
(cf. 6164.5 - Student Success Teams)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student in grades K-3 may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

(cf. 5113 - Absences and Excuses)
(cf. 5113.1 - Chronic Absence and Truancy)

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

(cf. 5131.7 - Weapons and Dangerous Instruments)

2. Selling or otherwise furnishing a firearm

3. Brandishing a knife at another person

4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and 48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

Dress And Grooming

BP 5132

Students

The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

(cf. 4119.22 - Dress and Grooming)

(cf. 5145.2 - Freedom of Speech/Expression)

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

(cf. 5144 - Discipline)

Gang-Related Apparel

The Superintendent/Principal, staff and parents/guardians may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Board Policy

Discipline

BP 5144

Students

The Board of Trustees is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

(cf. 5113.1 - Chronic Absence and Truancy)

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5131.2 - Bullying)

(cf. 5137 - Positive School Climate)

(cf. 5145.9 - Hate-Motivated Behavior)

(cf. 6020 - Parent Involvement)

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 6164.2 - Guidance/Counseling Services)

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))
(cf. 6159.4 - Behavioral Interventions for Special Education Students)
(cf. 6164.5 - Student Success Teams)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

(cf. 3550 - Food Service/Child Nutrition Program)
(cf. 3551 - Food Service Operations/Cafeteria Fund)
(cf. 3553 - Free and Reduced Price Meals)

The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The administrative staff at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and district regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 32282, 35291.5)

(cf. 0450 - Comprehensive Safety Plan)
(cf. 9320 - Meetings and Notices)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively implement the disciplinary strategies adopted for district schools, including, but not limited to, consistent school and classroom management skills, effective accountability and positive intervention techniques, and development of strong, cooperative relationships with parents/guardians.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

(cf. 0460 - Local Control and Accountability Plan)
(cf. 3100 - Budget)

At the beginning of each school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Board Policy

Bullying

BP 5131.2

Students

The Board of Trustees recognizes the harmful effects of bullying on student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

(cf. 5131 - Conduct)

(cf. 5136 - Gangs)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images as defined in Education Code 48900. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)

(cf. 6163.4 - Student Use of Technology)

Strategies for addressing bullying in district schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable district and school plans.

(cf. 0420 - School Plans/Site Councils)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 0460 - Local Control and Accountability Plan)

(cf. 1220 - Citizen Advisory Committees)

(cf. 6020 - Parent Involvement)

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the

community and to provide services for alleged victims and perpetrators of bullying.

(cf. 1020 - Youth Services)

Bullying Prevention

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

(cf. 5137 - Positive School Climate)

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6142.94 - History-Social Science Instruction)

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

(cf. 6164.2 - Guidance/Counseling Services)

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee. Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report his/her observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3 - Uniform Complaint Procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another

student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Investigation and Resolution of Complaints

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Discipline

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.
