

Information on Number of Students Being Provided with Special Education Services
(SSDA 33g)

On or before January 31st of each year the Superintendent or designee will provide the Board with an accurate count of all students in the District receiving special education and related services.

The information provided shall comply with all reporting requirements related to the method used to distribute state and federal funds among the local educational agencies in the North Santa Cruz SELPA (special education local plan area).

(Ed. Code §§ 56195.7, 56195.8.)
