

**ANNUAL NOTICE TO PARENTS
2018-2019**

DEAR PARENT/GUARDIAN:

Section 48980 of the Education Code of California requires that notice be given at the beginning of the first semester or quarter of the regular school term to the parent or guardian of the minor pupils in the school district regarding the rights of the parent or guardian under sections 32390, 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51938, Chapter 2.3 (commencing with section 32255) of Part 19, and notice of the availability of the program prescribed by Article 9 (commencing with section 49510) of Chapter 9 and of the availability of individualized instruction under section 48206.3. Section 48982 requires that this Notice be signed and returned by the parent or guardian to the school. Signature and return of the attached form is acknowledgement by the parent or guardian that he or she has been informed of his or her rights but does not indicate that consent to participate in any particular program has either been given or withheld. Pursuant to parent request, the annual notification may be provided to the parent or guardian in electronic format by providing access to the notice electronically. If the notice is provided in electronic format, the parent or guardian must submit to the school a signed acknowledgment of receipt of this notice.

Some legislation requires additional notification to the parents or guardians during the school term or at least 15 days prior to a specific activity. (A separate letter will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate.) Other legislation grants certain rights that are spelled out in this form.

Accordingly, you are hereby notified as follows (when used in this notification "parent" includes a parent or legal guardian):

STUDENT DISCIPLINE

RULES AND PROCEDURES ON SCHOOL DISCIPLINE (EC §35291):

Rules pertaining to student discipline, including those that govern suspension or expulsion, are set forth in Education Code Sections 48900 and following, and are available upon request from the school. In addition, the following disciplinary information is provided to parents:

Employers may not discriminate against parents who are required to comply with this requirement.

Any student who engages in bullying of anyone in or from the district may be subject to disciplinary action up to and including expulsion. The district's policies and process for filing a complaint should be publicized to pupils, parents, employees and agents of the governing board. The notice shall be in English and in the primary language of the recipient. For a copy of the district's anti-discrimination, anti-harassment, anti-intimidation, and anti-bullying policies or to report incidences of bullying please contact the district office. These policies shall be posted in schools and offices.

SCHOOL RECORDS AND ACHIEVEMENT

PUPIL RECORDS/NOTICE OF PRIVACY RIGHTS OF PARENTS AND STUDENTS (EC §49063 et seq., §49069, §49073, 34 CFR 99.30, 34 CFR 99.34, and the federal Family Educational Rights and Privacy Act):

Federal and state laws concerning student records grant certain rights of privacy and right of access to students and to their parents. Full access to all personally identifiable written records maintained by the school district must be granted to: (1) Parents of students 17 and younger; (2) Parents of students age 18 and older if the student is a dependent for tax purposes and the records are needed for a legitimate educational purpose; (3) Students age 18 and older, or students who are enrolled in an institution of postsecondary instruction (called "eligible students"); (4) Pupils age 14 and over who are identified as both homeless and an unaccompanied youth; (5) Individuals who have completed and signed a Caregiver's Authorization Affidavit.

Parents, or an eligible student, may review individual records by making a request to the principal. Districts must respond to a pupil record request by providing access no later than five business days following the date of the request. The principal will see that explanation and interpretations are provided if requested. Information that is alleged to be inaccurate or inappropriate may be removed upon request. In addition, parents or eligible students may receive a copy of any information in the records at reasonable cost per page. District policies and procedures relating to: location of, and types of records; kinds of information retained; availability of certificated personnel to interpret records if requested; persons responsible for records; directory information; access by other persons; review and challenge of records are available through the principal at each school. When a student moves to a new district, records will be forwarded upon the request of the new school district within ten school days. At the time of transfer, the parent or eligible student may review, receive a copy (at a reasonable fee), and/or challenge the records.

If you believe the district is not in compliance with federal regulations regarding privacy, you may file a complaint with the United States Department of Education (20 USC §1232g).

You have the right to inspect all instructional materials which will be used in connection with any survey, analysis, or evaluation as part of any applicable program.

RELEASE OF PUPIL DIRECTORY INFORMATION (EC §49073, 34 CFR 99.37): The district also makes student directory information available in accordance with state and federal laws. This means that each student's name, birth date, address, telephone number, email address, major course

of study, participation in officially recognized school activities, dates of attendance, degrees and awards received, and most recent previous public or private school attendance may be released in accordance with board policy. In addition, height and weight of athletes may be made available. Appropriate directory information may be provided to any agency or person except private, profit-making organizations (other than employers, potential employers or the news media). Names and addresses of seniors or terminating students may be given to public or private schools and colleges. Parents and eligible students will be notified prior to the destruction of any special education records. You have the right to inspect a survey or other instrument to be administered or distributed to your child that either collects personal information for marketing or sale or requests information about beliefs and practices and any instructional material to be used as part of your child's educational curriculum. Please contact your child's school if you wish to inspect such a survey or other instrument.

Upon written request from the parent of a student age 17 or younger, the district will withhold directory information about the student. If the student is 18 or older or enrolled in an institution of postsecondary instruction and makes a written request, the student's request to deny access to directory information will be honored. Requests must be submitted within 30 calendar days of the receipt of this notification. (See attached form.) Additionally, directory information related to homeless or unaccompanied youths will not be released without the express written consent for its release by the eligible pupil or guardian.

PARTICIPATION IN STATE ASSESSMENTS AND OPTION TO REQUEST EXEMPTION (EC § 60615, 5 CCR § 852): Pupils in applicable grade levels will participate in the California Assessment of Student Performance and Progress (CAASPP) except as exempted by law. Each year, a parent may submit a written request to excuse his or her child from any or all parts of the CAASPP assessments for that school year. If the parent submits the exemption request after testing begins, any test(s) completed before the request is submitted will be scored; the results will be included in the pupil's records and reported to the parent. School district employees will not solicit or encourage any exemption request on behalf of a pupil or group of pupils.

RELEASE OF STUDENT RECORDS/COMPLIANCE WITH SUBPOENA OR COURT ORDER (EC §§49076 and 49077): Districts are required to make a reasonable effort to notify parents in advance of disclosing student information pursuant to a subpoena or court order.

RELEASE OF STUDENT RECORDS TO SCHOOL OFFICIALS AND EMPLOYEES OF THE DISTRICT (EC §§49076(a)(1) and 49064(d)): Districts may release educational records, without obtaining prior written parental consent, to any school official or employee, which would include accountants, consultants, contractors, or other service providers, who have a legitimate educational interest in the educational record.

HEALTH SERVICES

CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM (H&SC §124085): Physical examinations are required as a prerequisite for enrollment in the first grade. Free health screening may be available through the local health department. Failure to comply with this requirement or sign an appropriate waiver may result in exclusion of your child from school for up to five days.

PHYSICAL EXAMINATION; PARENT REFUSAL TO CONSENT (EC §49451): A child may be exempt from physical examination whenever the parents file, annually, a written statement with the school principal stating that they will not consent to routine physical exam of their child. Whenever there is good reason to believe the child is suffering from a recognized contagious disease, the child will be excluded from school attendance.

VISION APPRAISAL (EC §49455): The district is required to appraise each student's vision during kindergarten, upon initial enrollment, and in grades 2, 5, and 8. Appraisal in the year immediately following a student's first enrollment in grades 4 or 7 shall not be required. The appraisal shall include tests for visual acuity, near vision, and color vision; however, color vision shall be appraised once and only on male students. The evaluation may be waived upon presentation of a certificate from a physician, surgeon, physician's assistant, or optometrist setting out the results of a determination of the student's vision, including visual acuity and color vision. This appraisal is not required if a parent files a written objection based on a religious belief with the principal.

DENTAL FLUORIDE TREATMENT (H&SC §104830 et seq.): Pupils will be provided the opportunity to receive the topical application of fluoride or other decay-inhibiting agent to each pupil's teeth if the parent, or eligible pupil submits a letter stating that the treatment is desired.

PUPIL NUTRITION/NOTICE OF FREE AND REDUCED PRICE MEALS (EC §§48980(b), 49510, 49520 and 49558): Needy children may be eligible for free or reduced price meals. Details, eligibility criteria, and applications to participate in a free or reduced price meal program if it is available are available at your child's school. Individual records pertaining to student participation in any free or reduced-price meal program may, under appropriate circumstances, be used by school district employees to identify students eligible for public school choice and services pursuant to the federal Every Student Succeeds Act. When a household is selected for verification of eligibility for free and reduced meals, the District must notify the parent that their child(ren)'s eligibility is being verified.

COMMUNICABLE DISEASES (EC §48216 and 49403): The district is authorized to administer immunizing agents to pupils whose parents have consented in writing to the administration of such immunizing agent. The district is required to exclude pupils who have not been properly immunized pursuant to Health and Safety Code 120325 and 120335. The district must notify parents that they have two weeks to supply evidence either that the pupil has been properly immunized or is exempted from the requirement. All students entering kindergarten, advancing from sixth to seventh grade in the district, or prior to his or her first admission to the district, will be required to comply with the immunization requirements of Health and Safety Code section 120335, unless the student provides the district with a valid exemption from a licensed physician. No new personal belief exemptions will be accepted. Students with personal-belief exemptions on file with the district as of January 1, 2016, shall be allowed to continue enrollment until entering the next grade span in the district. Grade spans are defined as birth through preschool, K-6, including transitional kindergarten, and 7-12. Students qualified for an individualized education program may access special education and related services as required by his or her individualized educational program.

MEDICATION (EC §49423, §49423.1): Any student who must take prescribed medication at school and who desires assistance of school personnel must submit a written statement of instructions from the physician and a parental request for assistance in administering the medication. Students may also carry and self-administer prescription auto-injectable epinephrine and prescription inhaled asthma medication upon the school's receipt of specified written confirmation with instructions for self-administration and authorization from the student's parent and physician or surgeon. The parent must release the school district and personnel from liability for any harm resulting from the self-administered medication, and provide a release for authorized school personnel to consult with the physician or surgeon.

MEDICAL AND HOSPITAL SERVICES FOR PUPILS (EC §§49471 and 49472): The district is required to notify parents in writing if it does not provide or make available medical and hospital services for students injured while participating in athletic activities. The district is also authorized to provide medical or hospital services through non-profit membership

corporations or insurance policies for student injuries arising out of school-related activities.

AVAILABILITY OF INDIVIDUALIZED INSTRUCTION/PRESENCE OF PUPIL WITH TEMPORARY DISABILITY IN HOSPITAL (EC §§48206.3, 48207-48208): Individualized instruction is available to students with temporary disabilities whose disability makes attendance in the regular day classes or alternative education program in which the student is enrolled impossible or inadvisable. Parents of students hospitalized or with a temporary disability shall notify the school district where the student receives care if an individualized instruction program is desired.

CONTINUING MEDICATION REGIMEN (EC §49480): Parents of any student on a continuing medication regimen for a non-episodic condition shall inform the school nurse or other designated certificated school employee of the medication(s) being taken, the current dosage, and the name of the supervising physician. (*See attached form.*) With the consent of the parent, the school nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

It may be reviewed at the district office. The planning committee is required to hold a public meeting to allow members of the public the opportunity to express an opinion about the school plan. The planning committee shall notify specified persons and entities in writing.

NOTICE OF COMPLIANCE (EC §32289): A complaint of noncompliance with the school safety planning requirements may be filed with the State Department of Education under the Uniform Complaint Procedures (5 CCR 4600 et seq.).

TOBACCO FREE SCHOOLS (HS §104420): Use of tobacco products at any time by students, staff, parents, or visitors, is strictly prohibited in district-owned or leased buildings, on district property, and in district vehicles. Any child who will have his/her birthday between September 1 for the applicable school year and December 2 shall be offered a transitional kindergarten program in accordance with law and district policy. On a case-by-case basis, a child who has reached age five after the date listed above but before the end of the applicable school year, may be admitted to kindergarten with the approval of the child's parent and subject to board approval in accordance with EC §48000.

PROSPECTUS OF SCHOOL CURRICULUM (EC §49091.14): The curriculum of every course offered by the schools of the district is compiled annually by each school in a prospectus. Each school prospectus is available for review upon request at each school site. Copies are available upon request for a fee not to exceed the actual copying cost.

SPECIAL EDUCATION (IDEA): State and federal law requires that a free appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. More information concerning student eligibility, parental rights and procedural safeguards are available upon request.

SPECIAL EDUCATION; CHILD FIND SYSTEM (EC §56301): Any parent suspecting that a child has exceptional needs may request an assessment for eligibility for special education services through the school principal. Policy and procedures shall include written notification to all parents of their rights pursuant to EC §56300.

SPECIAL EDUCATION COMPLAINTS (5 CCR §3080): State regulations require the district to establish procedures to deal with complaints regarding special education. If you believe that the district is in violation of federal or state law governing the identification or placement of a special education student, or similar issues, you may file a written complaint with the district. State regulations require the district to forward your complaint to the State Superintendent of Public Instruction. Procedures are available from your school principal.

SECTION 504/DISABLED PUPILS (Section 504 of the Rehabilitation Act of 1973): Federal law requires the district to annually notify disabled pupils and their parents of the district's non-discriminatory policy and duty under Section 504 of the Rehabilitation Act.

STATEMENT OF NONDISCRIMINATION (Title VI of the Civil Rights Act of 1964; Title IX of the U.S. Education Amendments of 1972; Americans with Disabilities Act; Section 504 of the Vocational Rehabilitation Act of 1973; EC §200 et seq.): The district does not discriminate on the basis of gender, gender identity, gender expression, sex, race, color, religion, national origin, ethnic group identification, age, genetic information, mental or physical disability, sexual orientation, immigration status, or the perception of one or more of such characteristics. The district's policy of nondiscrimination requires notification in native language if the district's service area contains a community of minority persons with limited English language skills. Notification must state that the district will take steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging noncompliance with this policy should be directed to the school principal. Appeals may be made to the district superintendent. A copy of the district's nondiscrimination policy is available upon request.

EDUCATIONAL EQUITY REGARDLESS OF IMMIGRATION STATUS, CITIZENSHIP, OR RELIGION (EC §234.7): Children have a right to a free public education, regardless of immigration status, citizenship status, or religious beliefs. When enrolling a child, schools must accept a variety of documents from the student's parent to demonstrate proof of child's age or

residency. No information about citizenship/immigration status or Social Security number is required to enroll in school. Parents have the option to provide a school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for a minor student in the event the parent is detained or deported. Parents have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for a minor student. Students have the right to report a hate crime or file a complaint to the school district if they are discriminated against, harassed, intimidated, or bullied on the basis of actual or perceived nationality, ethnicity, or immigration status. The California Attorney General's website provides "know your rights" resources for immigrant students and family members online at <https://oag.ca.gov/immigrant/rights>.

CHILDREN IN HOMELESS SITUATIONS (42 USC §11431-11435): Each local district shall appoint a liaison for homeless children who shall ensure the dissemination of public notice of the educational rights of students in homeless situations.

Written and audiovisual educational materials used in such education are available for inspection. If arrangement for the instruction is made after the beginning of the school year, parents will be notified no fewer than 14 days prior to the commencement of any such instruction if the district elects to provide the instruction by outside consultants in class or during an assembly. The notice must include the date of instruction, the name of the organization or affiliation of each guest speaker and information stating that the parent has the right to request a copy of the law pertaining to such instruction. Parents have the right to excuse his or her child from all or part of the comprehensive sexual health and HIV prevention education by submitting a written request to the district. Those students whose parents do not submit a written request to excuse them will receive such instruction. The law also authorizes the district, without prior parental consent, to use anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age appropriate questions in grades 7 to 12 about the student's attitudes concerning or practices relating to sex. The district must notify parents in writing before any such test, questionnaire, or survey is administered and provide them with an opportunity to review the materials. Parents have the right to excuse his or her child from such participation by submitting a written request to the school district.

HEALTH INSTRUCTION/CONFLICTS WITH RELIGIOUS TRAINING AND BELIEFS (EC §51240): Upon written request of a parent, students shall be excused from part of any school instruction in health if it conflicts with the religious training and beliefs of a parent.

SCHOOL ATTENDANCE/ATTENDANCE ALTERNATIVES

California law (EC §48980(g)) requires all school boards to inform each student's parent at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and potentially three separate processes for selecting schools in other districts

(interdistrict transfer). The general requirements and limitations of each process are described as follows:

Choosing a School Within District in Which Parent Lives:

The law (EC §35160.5(b)) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

Choosing a School Outside District in Which Parent Lives:

Parents have three different options for choosing a school outside the district in which they live. The three options are:

Option 1: Districts of Choice (EC §§48300 through 48315): The law allows, but does not require, each school district to become a "district of choice" – that is, a district that accepts transfer students from outside the district under the terms of the referenced Education Code sections. If the school board of a district decides to become a "district of choice" it must determine the number of students it is willing to accept in this category each year and accept all pupils who apply to transfer until the school district is at maximum capacity. The school district of choice shall ensure that pupils admitted under this article are selected through an unbiased process, that prohibits consideration of factors such as academic or athletic performance, physical conditions, or proficiency in English. If the district chooses not to become a "district of choice," a parent may not request a transfer under these provisions. Other provisions of the "district of choice" option include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. A district of choice cannot deny a transfer request on the basis that the costs to provide services exceeds the revenue received, but it may reject a request if doing so would require the creation of a new program. However, the district of choice may not deny the transfer of any special needs student, including an individual with exceptional needs, or an English Learner student even if the cost to educate the student exceeds the revenue received or the creation of a new program is required. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.

- Communications to parents by a school district of choice shall be factually accurate and shall not target students based upon academic ability, athletic performance, or other personal characteristics.
- The district of choice must post transfer application information on its website, including any applicable forms, the timeline for a transfer, and an explanation of the selection process.
- All communications from a school district of choice regarding transfer opportunities must be available in all languages for which translations are required in the school district of residence under EC §48985.
- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Entrance priority must be given as follows:
 - Siblings of students already attending school in the "district of choice" must be given first priority.
 - Pupils eligible for free or reduced-price meals must be given second priority.
 - Children of military personnel must be given third priority.
- A parent may request transportation assistance within the boundaries of the "district of choice." The district is required to provide transportation only to the extent it already does so.
- A school district in which an active military duty parent of a student resides shall not deny the transfer of that student to a school in any district, if the school district to which the parent of the student applies approves the application for transfer.

Option 2: Other Interdistrict Transfers (EC §46600 et seq.): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. Districts of residence may not deny a transfer of a student whose parent is active duty military where the district of proposed enrollment approves the application. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

Option 3: Parental Employment in Lieu of Residency Transfers (EC §48204(b)): If at least one parent of a student is physically employed in the boundaries of a school district other than the one in which they live for a minimum of 10 hours during the school week, the student may be considered a resident of the school district in which his/her parents work. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of EC §48204(b) include:

- Either the district in which the parent lives or the district in which the parent works may prohibit the student's transfer if it negatively impacts a desegregation plan.
- The district in which the parent works may reject a transfer if it determines that the cost of educating the student would be more than the amount of government funds the district would receive for educating the student.
- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent the specific reasons for denying the transfer.

Open Enrollment Act (EC §48350 et seq.)

Whenever a student is attending a district school on the Open Enrollment List, as identified by the Superintendent of Public Instruction, he/she may apply to transfer to another school within or outside of the district, if the school to which he/she is transferring has a higher Academic Performance Index. Districts with a school on the List must notify the parents at that school on or before the first day of the school year of their option to transfer to another public school. Information regarding the application process and applicable deadlines can be obtained from the district office.

This summary provides an overview of the laws applicable to school attendance for each alternative. Additional information is available upon request.

NOTICE OF ALTERNATIVE SCHOOLS (EC §58501): State law authorizes all school districts to provide for alternative schools. Education Code section 58500 defines an alternative school as a school or separate class group within a school that is operated in a manner designed to:

- (1) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (2) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (3) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- (4) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (5) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance area shall have copies of the law available for your information. This law particularly authorizes interested persons to request that the governing board of the district to establish alternative school programs.

GRADE REDUCTION/LOSS OF ACADEMIC CREDIT (EC §48980(i)): No student shall have his/her grade reduced or lose academic credit for any excused absence pursuant to EC §48205 for missed assignments/tests that can reasonably be provided/completed.

ABSENCE FOR RELIGIOUS INSTRUCTION (EC §46014): Districts may allow pupils with parent consent to be excused to participate in religious exercises/instruction.

NOTICE OF MINIMUM DAYS AND PUPIL-FREE STAFF DEVELOPMENT DAYS (EC §48980(c)): The district is required to annually notify parents of its schedule(s) of minimum days and student-free staff development days at the beginning of the year or as early as possible, but no later than one month prior to the scheduled minimum or student-free day. (**See attached.**)

MISCELLANEOUS

NON-MANDATORY PROGRAMS FOR PARENTAL/PUPIL PARTICIPATION (EC §49091.18): Schools may not require a student or student's family to submit to or participate in any assessment, analysis, evaluation, or monitoring of the quality or character of student home life, parental screening or testing, nonacademic home-based counseling program, parent training, or prescribed family educational service plan.

LOCAL CONTROL AND ACCOUNTABILITY PLAN (EC §§52060-52077): The district is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the State. The priorities must be aligned to the district's spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and LCAP are adopted at the local level, the plan will be reviewed by the county superintendent to ensure alignment of projected spending toward goals and services. The following are the State priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;
3. Parent involvement and participation;
4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;
7. Ensuring all students have access to a broad course of study;
8. Measuring other important student outcomes related to required areas of study;
9. Coordinating instruction for expelled students; and
10. Coordinating services for foster children.

The Board of Education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the Board of Education and the superintendent regarding the LCAP. (ELPACs are required if enrollment in the school district includes at least 15% English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established). PACs shall include parents of low income students, English learner students, and foster youth.

Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public regarding

expenditures proposed in the plan, and then adopt (or officially update) the LCAP at a subsequent hearing.

Districts are required to post on the school district website the LCAP approved by the Board of Education and any updates or revisions to the LCAP, and establish policies for filing a complaint of noncompliance under EC §52075 using the Uniform Complaint Procedures. Individuals, agencies, organizations, students and interested third parties have the right to file a complaint using this procedure described below. Complaints must be filed in writing with the following compliance officer:

Eric Gross, Principal / Superintendent
P.O. Box H/50 Ocean Street
Davenport, CA 95017

Complaints alleging discrimination must be filed not later than six (6) months from the date the alleged discrimination occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, unless the time for filing is extended by the Superintendent or his or her designee.

Complaints will be investigated and a written decision sent to the complainant within sixty (60) days from the receipt of the complaint. The appeal to CDE must include a copy of the locally filed complaint and a copy of the District decision.

Complainants may also pursue available civil law remedies, including, but not limited to injunctions, restraining orders or other orders in federal or state court. Further information about such remedies may be available through a public or private interest attorney, the County lawyer Referral Service, Legal Aid Society, a mediator, or dispute resolution service.

In order to promote fair and constructive communication, the Pacific School District Board of Trustees has adopted the following procedures to resolve complaints concerning school personnel. Every effort should be made to resolve a complaint at the earliest possible stage.

1. Complaints concerning school personnel should be made directly by the complainant to the person against whom the complaint is lodged. Parents/guardians are encouraged to attempt to orally resolve concerns with the staff member personally.

2. If the complaint is not resolved at this level, the complainant may submit the complaint in writing to the school administrator. When necessary, district administration shall assist in the preparation of the written complaint so as to meet the requirement of this regulation. The administrative staff shall inform the complainant that such assistance is available if he/she is unable to prepare the written complaint without help. A written complaint must include the name of each employee involved and a brief but specific summary of the complaint and the facts surrounding it. It must also include a specific description of a prior attempt to discuss the complaint with the employee involved and the failure to resolve the matter. The administrator is responsible for investigating complaints and will

attempt to resolve the complaint to the satisfaction of the person(s) involved. If the complaint is resolved, the administrator will so advise all concerned parties.

3. If the complaint remains unresolved after review, the administrator shall prepare a report and analysis of the situation that includes a written decision concerning the complaint. Complainants should consider and accept the administrator's decision as final. However, the complainant, the employee or administrator may ask to address the Governing Board regarding the complaint.

4. All written complaints regarding the district personnel other than administrators shall be initially filed with the administrator. If the written complaint concerns the administrator it shall be initially filed with the Governing Board.

5. Except when a complaint is directed against the administrator, no party to a complaint may address the Governing Board, either in closed or open session, unless the Board has received the administrator's written report concerning the complaint. The administrator's report shall contain, but not be limited to:

- a. The name of each employee involved.
- b. A brief but specific summary of the complaint and the facts surrounding it, sufficient to inform the Governing Board and the employee(s) as to the precise nature of the complaint and to allow the employee(s) to prepare a defense.
- c. A copy of the signed original complaint.
- d. A summary of the action taken by the administrator with his/her specific finding that disposition of the case at the administrator's level has not been possible and the reasons why.

All parties to a complaint, including the school administration, may be asked to attend a Governing Board Meeting or part of such meeting for the purpose of presenting all available evidence and allowing every opportunity for explaining and clarifying the issue. Complaints concerning an employee shall be addressed in a closed session of the Governing Board unless the employee requests that the issue be addressed in open session. (Cf. 9321---Closed Sessions). The decision of the Governing Board following the hearing shall be final.

POLICY FOR THE PREVENTION OF BULLYING:

The Pacific Elementary School District believes that all students have a right to a safe and healthy school environment. The school and community have an obligation to promote mutual respect, tolerance, and acceptance.

The Pacific Elementary School District will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation.

The Pacific Elementary School District expects students and/or parents/guardians to immediately report incidents of bullying to the teacher, staff, or principal. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity.

To ensure bullying does not occur on school campuses, the Pacific Elementary School District will provide staff development training in bullying prevention and cultivate acceptance and understanding in all students and staff to build each school's capacity to maintain a safe and healthy learning environment.

Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying. Students who bully are in violation of

this policy and are subject to disciplinary action up to and including expulsion.

The school has adopted behavioral expectations to be followed by every student while on school grounds, or when traveling to and from school or a school-sponsored activity, and during lunch period, whether on or off campus.

The procedures for intervening in bullying behavior include:

All staff, students and their parents will be informed of this policy prohibiting intimidation and bullying: at the beginning of the school year, as part of the student handbook and/or information packet, as part of new student orientation, and/or as part of the school system's notification to parents.

The school will make reasonable efforts to keep a report of bullying and the results of investigation confidential.

Staff who witness acts of bullying shall take immediate steps to intervene when safe to do so. People witnessing or experiencing bullying are strongly encouraged to report the incident; such reporting will not reflect on the target or witnesses in any way.
